PROJECT INFORMATION:

With the Golden Age of Tech, the gates are now wide open to make anyone a perfect auditor and to move him up The Bridge to fully trained OT. Rave wins and successes pour in daily from public who are availing themselves of the advances of the Golden Age of Tech. Factually, it is simple for any being to secure his own eternity. The only requirement? That he get onto service!

There are still THOUSANDS of off-lines Scientologists who are not briefed on the Golden Age of Tech. In order to begin to get a reality on what the Golden Age of Tech is all about, one must see the Golden Age of Tech video and the Golden Age of Tech for OTs video. He must also get some direct, hands-on experience in DOING the drills of the Golden Age of Tech.

As stated in LRH ED 348 INT RON'S JOURNAL 37, 13 March 1983:

"So we come to this legacy of tech. It is the route, which if purely used, uncorrupted and unperverted, will bring you at last to the vast free vistas of freedom and truth and the glory of being really you.

"But this is not all, and this is my true message to you this Birthday: IF YOU KNOW THE TECH, IT WILL PROTECT YOU." ...

"It means of course that you yourself must more than whiff at the bouquet of tech. It means hard and earnest study and precise application for only those will bring it into full bloom in your life." ...

"There are vistas never dreamed of, there are joys never even known, there are glories no past glory ever surpassed. These wait for you but only if you accept my legacy and help bring these things about." - LRH
